## **SELECTION TEST RESULTS: 2022**

Dear prospective architecture student

To date, a total of 2,300 students applied to study architecture at TUT. After the initial screening, 253 students wrote the selection tests during the three different sessions. The applications received this year were of an exceptionally high standard.

The wait is finally over. We have the pleasure to publish a list with the first 50 selected students for the 4-year BArch degree.

On Monday 17 January 2022, the second list of selected students with 15 names for the BArch and 17 names for the BArchExt will be published. The names of students placed on the waiting list will also be posted on this date.

Please read and follow the instructions carefully.

Note that all new 2022 students have to comply with the TUT admission requirements. The most important of these refer to your Grade 12 (Senior Certificate) results. Among others, the requirements are:

- An endorsement to study for a Bachelor's degree
- Total APS points of at least 25
- A score of 4 (50%) for English (first or additional language)

If you do not meet the minimum requirements to study architecture at TUT, you will unfortunately not be allowed to study architecture at TUT in 2022.

Good luck with the rest of your Grade 12 exams. We are looking forward to seeing you in 2022 at the start of your new and exciting career.

Regards

---

Mr Mostert van Schoor  
Head of Administration & Undergraduate selection coordinator

**NOTE:**

**Please do not make selection enquiries before the scheduled dates.**

**Every new 2022 architecture student has to comply with all the required TUT admission requirements.**

**1 My name is on the list, and I WANT TO STUDY architecture at TUT in 2022**

Congratulations on your tests results and selection.

If your name is on the list and you want to study architecture at TUT next year, please complete the following steps:
