SELECTION TEST RESULTS: 2022

Dear prospective architecture student

To date, a total of 2,300 students applied to study architecture at TUT. After the initial screening, 255 students wrote the selection tests during the four different sessions. The applications received this year were of an exceptionally high standard.

The wait is finally over. We have the pleasure to publish the final list of selected students for the 4-year BArch and 5-year BArch extended degrees.

The names of the students that are selected and offered places to enrol for Architecture in 2022 are listed in Tables 1-3. In Tables 1 and 2, the names of all the students accepted for the B Arch programme (4 years) are included. Table 3 is a list of students accepted for the B Arch (Extended) programme (5 years).

Please read and follow the instructions carefully.

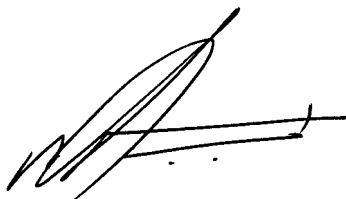

Note that all new 2022 students have to comply with the TUT admission requirements. The most important of these refer to your Grade 12 (Senior Certificate) results. Among others, the requirements are:

- An endorsement to study for a Bachelor's degree
- Total APS points of at least 25
- A score of 4 (50%) for English (first or additional language)

If you do not meet the minimum requirements to study architecture at TUT, you will unfortunately not be allowed to study architecture at TUT in 2022.

We are looking forward to seeing you in 2022 at the start of your new and exciting career.

Regards

Mr Mostert van Schoor
Head of Administration & Undergraduate selection coordinator

NOTE:

Please do not make selection enquiries before the scheduled dates.

Every new 2022 architecture student has to comply with all the required TUT admission requirements.
